Katie Ledecky said the postponement of Tokyo Olympics was the right decision

I took part in the "Online Workshop on STEAM Education." STEAM Education is a program about jobs with Science.Technology,Engineering,and Mathematics.

We've got an opportunity to interview K -atie Ledecky who is an American Olympi -c swimmer.

One junior high school student asked h -er about the postponement of the Tokyo Olympics.

She said, "It was tough because I have b -een training for four years for the Olympics."

I want to introduce the impressive word -s that she gave. She said, "I know that it was the right decision to postpone the O-lympics. I think it's important that we are all healthy and sa -fe right now.

She keeps a balance between studying an -d swimming, whiche attracts me so much. I am looking forward to seeing her again in the Tokyo Olympi cs next year. (Soyo Inazu)

Next, I talked to Katie Ledecky. I asked her what she was trying to s how in their power production.

Although I didn't fully understand, I learned the importance of comm unication.

Through this program, I thought it was difficult to meet people I had never met, using English, but I realized that if I try hard to communicate, I can communicate with people using diffe-

rent languages across d
